

Humidew

Ultrasonic Aroma Diffuser

CF-9970

ULTRASONIC AROMA DIFFUSER

This decorative and unique ultrasonic aroma diffuser and humidifier generates a subtle, calming and relaxing scented mist to provide aromatherapy and moisture to the air.

Features:

Aromatherapy—Enjoy the ultimate aromatherapy experience from this little sleek device using your favorite fragrance without any heating elements making this diffuser safe to use. The advanced ultrasonic technology used, produces vibrations at high frequency turning the water into mist creating a soothing and therapeutic atmosphere.

Humidifier—Moisturises and refreshes the quality of air we breathe.

Ioniser—Produces "happy feeling" negative ions which help to lift your mood, strengthen the immune system and relieve stress. Negative ions have several other benefits to the respiratory system and general well being.

LED color Changing Night Light—This feature provides additional options to set atmosphere to enhance your mood. The soft color changing LED night lighting creates a wonderful ambience to enjoy.

LED Time Display— Clear LED time display above the touch control panel, brings convenience and efficiency to your life and work.

Diffuse Mode— The diffuse mode of repeating 30 seconds diffusing on and 10 seconds off can extend the diffusing time much longer.

Timer—Set timers in 30/60/120/180 minutes and choose the timer you like. The unit will stop automatically when the time runs out. This function brings you more freedom, convenience, efficiency and secure.

Touch Control Panel—With LED light displaying buttons of touch control panel, you can easily enjoy the aromatherapy life with the innovative aroma diffuser.

WATER FROM TANK WHEN DIFFUSER IS NOT IN USE.CLEAN WIPE
THE WATER TANK WITH SOFT CLOTH TO REMOVE ANY LIMESCALE OR DIRT.

INFORMATION ON USE OF ESSENTIAL OIL

Please kindly follow closely the recommendations listed below for the proper use of essential oil to avoid causing malfunction/damage to the product or cause harm to the users.

- * Use 100% natural essential oil.
- * Put 3~5 drops essential oil into 100ml of water. Do not exceed the suggested amount. Wash the water tank thoroughly after each use to remove residue.
- * Do not directly apply undiluted oil on to your skin or swallow it.
- * Do not allow the oil to come with your skin, wash it off with water. Should you swallow it, seek medical help immediately.
- * The water tank and the tank cover are made of oil-proof materials. Other parts may be dissolved by some oil components. Take care not to spill them outside the water tank.
- * Some kinds of aroma oil are not very soluble in water and tend to remain in the water tank. Therefore, clean the water tank regularly.
- * Clean the water tank for every oil change. If the oil previously used is not completely removed, the aroma mixture may release an offensive odor or may have residue forming.
- * Ensure the oil does not get into your eyes. Should it happen, wash your eyes immediately with water. Consult a doctor, should irritation persist.
- * If you feel unwell while using the product, turn off the device immediately.
- * Pregnant women, elderly people, young children or people with chronic diseases may be more sensitive to the scent. If they feel unwell, stop using immediately.
- * Store essential oil in a dark cool place with the cap tightly closed and out of reach of children and pets.
- * Observe the expiration date of the essential oil, within one year after first opening (within six months for citrus).
